

History B.A./B.S. - Emphasis in History 7-12 Teaching Certification

The purpose of this bachelor's degree is for students to become trained in the discipline of history. The objectives of this program are to acquaint students with the human past; to provide insight into the nature of the historic process; and to teach students to analyze and think critically about historical works and issues, and express their judgments clearly in writing. At the conclusion of this program students will be able to demonstrate an understanding of historiography, that is, a familiarity with a range of historical methods, theories, and schools of interpretation. They will also be able to research and write thesis-driven papers on historical topics, using appropriate sources.

This particular emphasis is designed to prepare students to become certified to teach high school history.
